

Industries in Kishiwada City

Agriculture

Thanks to the good location close to big cities, we are able to provide fresh farm products efficiently to a large quantity of consumers.

Cultivation of mandarin oranges, peaches, "Mizu-nasu" -a special local kind of aubergine-, and leafy green vegetables are very successful.

Fishing

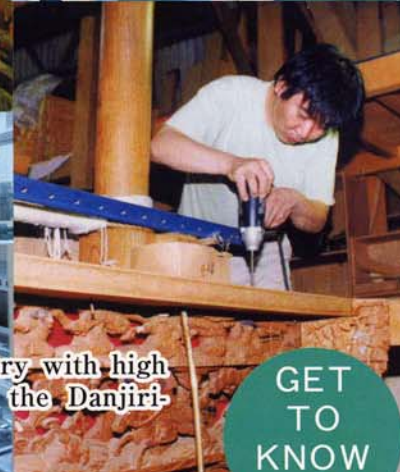

Japanese sand lance

Holding two fishing ports, we boast of the biggest catch in Osaka Prefecture.

Industry

Textile, lens, machine and metal industry with high technology has been developed. Also the Danjiri-related industries are very prosperous.
